245 Woodstock Road / Woodstock, CT 06281-1815 / 860.928.3622 / Fax: 860.928.7843

August 9, 2011

To Whom It May Concern:

Thank you for your recent inquiry with respect to whether PORON[®] Urethanes meet the requirements of ROHS (Restriction of the use of Certain Hazardous Substances in Electrical and Electronic Equipment). We do not intentionally add lead, cadmium, mercury, hexavalent chromium, polybrominated biphenyls (PBB), Decabromodiphenyl ether (decaBDE) or PBDE (polybrominated diphenyl ether) to any PORON[®] Urethane product. Further, to the best of our knowledge, the foams do not contain any of the compounds listed above the indicated thresholds.

The response provided by Rogers is based upon our knowledge of the raw materials used in its manufacture in conjunction with chemical analysis performed on similar materials. The information is accurate to the best of our knowledge.

If I may be of any further assistance, please do not hesitate to contact me via e-mail at jeremy.ross@rogers-corp.com or by calling 860-928-8909.

Sincerely,

A handwritten signature in black ink that reads "Jeremy Ross".

Jeremy Ross
Quality Engineer
